Petitioners: Devaraja Market Association, Mysore by its Secretary

VS

Respondent: The Mysore City Municipality, Mysore

The petitioners most humbly and respectfully beg to state as follows

(1) The Respondent Municipality some time ago proposed to raise the rent of all the Stalls in the Devaraja Market, Mysore Although no notice of the proposed enhancement was legally issued to any of the Stall-Holders, on information the Stall-holders made at various times representations, both oral and in writing, to the Municipal authorities that the raising of rents was most inopportune and would work great hardship on the Petitioners and the proposed scale was exorbitant and arbitrary

(2) The Respondent Municipal Council, without calling upon the Petitioners, or giving them an opportunity, to state their ~~defence~~ case, have passed a resolution raising the present rents from 50 to 180 per cent

(3) Most of the stall-holders are in possession and occupation of the stalls for long periods of time

time and have established business and GOODWILL The Respondent Council have been taking steps to implement their resolution and the petitioner stall-holders are being threatened with instant eviction, regardless of any consideration, ~~the defaulting stall-holders.~~

(4) The petitioners beg to invite kind attention to one significant circumstance The Respondent Council as at present constituted is ruled by one party by weight of its majority in the Council The individual members of that party are muffled and rendered voiceless by the dictates of the party The Council Resolution therefore in ultimate analysis, is the enforcement of the will and desire of one party, and does not represent and reflect the opinion of the rate-payers The petitioners reliably learn that the President of the particular meeting which passed the Resolution expressed dissent, as also some Councillors who not being members of the party referred to, had freedom of opinion.

(5) The said Resolution has no moral and legal sanction, and in its enforcement leads to most unjust, inequitable and unjustifiable consequences

(a) The petitioner stall-holders have been denied the right to defend themselves and express their views

(b) The raising of the rents is a unilateral and arbitrary act of the Council, and offends the contractual relationship between the parties

(c) The necessary formalities and legal

legal requirements which give validity to the enhancement have not been complied with, and so the imposition of excess rent is illegal and unenforcible

(d) The scale of raise of rents is exorbitant, unconscienable and usurious No rule or principle as to the proportion of enhancement seems to have been adopted or followed The raise is apprently fanciful and entirely arbitrary

(6) The Resolution has utterly failed to take into consideration the existing conditions - social, politic and economic, both in and outside the State The Petitioner stall-holders have always been loyal and law-abiding subjects and the majority party in the Council have shown no sympathy or consideration for the representations of the stall-holders

(a) The Country is passing through a severe financial and economic crisis Communications, both on land and sea, have broken down by labour troubles and several other causes The after effects of the War and the Political upheaves in our country, the communal disturbances in several parts of India, have seriously affected Trade and Commerce and merchants have been hard hit The market is subject to sudden fluctuations Scarcity of every kind of marketable commodity has paralysed the merchant, while it is he who bears all the burden of Public Taxation and private philanthrophy The condition of the stall-holders is pitiable He is beyond help and is on

on the border of starvation

(b) These and numerous other factors which compel sympathy and good feeling towards the stall-holders, to most of whom small trade is the only means of sustenance, have been either missed or disregarded by the Council in passing the Resolution

(7) Regard being had to the number of stall-holders who are affected by the Resolution and the unhappy consequences that may follow in the wake of the enforcement of the illegal and unethical Resolution render the question a matter of public importance and urgency calling for immediate action on the part of the Government

(8) The Petitioners most humbly pray that the Government may be pleased to investigate into the matter and order the abrogation or suspension, or at least the consideration, of the said Resolution They also pray for a STAY ORDER, staying the enforcing of the Resolution till the disposal of this application

Sir

With reference to your memo No L 9121 dated 10-9-1947 forwarding for report the appeal petition dated 27-8-1947 presented by the President, Devaraja Market Association (unregistered one) Mysore City, re the enhancement of shop rent, I have the honor to state as follows -

A good number of tenants are running their business in the Market ever since the shops were built and are paying the rent fixed long back - nearly 15 or 20 years ago There was however no change in the rate of rent till recently Proposals to enhance the rents of shops in the several markets were taken up during the year 1944-45, but could not be given effect to since the Rent control order was in the way, vide G O No L 4289/M1 11-45-57 dated 27-11-1945 As the Government were pleased to order in their No M 1039-46 dated 13-3-1947 that the buildings belonging to the Local Bodies are exempted from the operation of the Rent Control order, the question of revising the rate of rent of shops was again taken up A sub committee was formed by the Managing Committee for the revision of rents in all the markets in the City After carefully inspecting each shop and considering the present state of affairs such as business in the locality and importance of the place and also the rate of rent levied on the private shops existing on the row of shops opposite to the market shops, the Committee fixed the rate the

of rent for each shop The Council formed a Sub committee of its own to examine this further and reduced the rates of rents fixed by the Rent Revision Committee, considering the several objection petitions received and studying the case of each shop or class of shops

2 The Market revenue (shop rent) forms a part of the permanent Municipal Revenue just like Mohatarfa But it is not being revised periodically as in the case of Mohatarfa taxes While the income has been stationery, the maintenance charges, the cost of establishment, sanitation and lighting charges are being increased day to day The enclosed statement shows the anticipated revenue from the market in the shape of rent, the establishment charges and the annual maintenance charges etc It will be seen therefrom that the Municipality is sustaining a heavy loss Further, while passing the Budget Estimates of the Municipality, the Government are observing frequently that the financial position of the Municipality is not satisfactory and the Council should find out ways and means for improving the revenue The Budget estimate for the year 1947-48 based on the increased revenue was sanctioned by the Council and the same has also been sanctioned by the Government If, as stated by the applicants, the old rate of rent is allowed to continue, the income from the markets may not be sufficient even to meet the increased cost of establishment Moreover, the Municipality has to make arrangements for constructing the markets in the extensions newly formed and this requires sufficient funds Under the above circumstances the Municipality is compelled to enhance the rate of rent of market shops

3 The main contentions of the appellants are that the stall holders have been denied the right to defend themselves and express their views, that the raising of the rents is a unilateral and arbitrary act of the Council and offends the contractual relationship between the parties and that necessary formalities are

are

are not observed before enhancing the rate of rent etc In this connection it may be stated here that the contentions of the appellants are not maintainable and are baseless No formalities are prescribed in this behalf as the shop rent does not come under the head " Mohatarfa " in which case formalities are to be observed for revising the rates Further, the rate of rent is not being fixed now for the first time but the rate has been revised to meet the demand of the day The fact that the rate of rent has been revised was intimated to the stall holders during the month of May 1947 by publishing in local papers, i e one and half months before the date on which the new rate had to come into effect The appellants seem to think that they hold the lease of shops as a matter of right or as a heredetary one and that the Municipality has to take the rent amount at the rates they may pay according to their wishes

4 The appellants say that the market is subject to sudden fluctuations and the conditions of the stall holders are pitiable etc , and as such they are not in a position to pay the rent at the rate fixed by the Municipality This argument is untenable If the appellants vacate the shops the Municipality can realise the rent, four or five times more than the rent now fixed as there is heavy demand for shops and as the local conditions are changing day by day Under the above circumstances the plea put forward by the appellants cannot be accepted The appellants want to pay the rent at a low rate and at the same time they require the necessary facilities to be afforded, but they seem to have not considered the amount of expenditure to be incurred by the Municipality for affording the required facilities and to maintain the market building in a fit condition The Municipality is spending huge amounts towards the establishment charges (supervision and sanitation) since the rate of pay has been doubled The enclosed statement No 2 shows the total number of tenants in each market and the number of tenants who have paid the rent at enhanced rate This fact clearly shows that the major

number

number of tenants have paid the rent at the enhanced rate without any contention

5 As regards the petition presented by the tenants of Vani Vilasa Market received with your letter No L 9840 dated 27-9-1947 on the same subject, I beg to state that what is stated in the case of Devaraja Market will entirely hold good in this case also This petition is a copy of that presented by the tenants of Devaraja Market and call for no additional remarks

6 Under the above circumstances it may not be possible to reduce the rate of rent fixed by the Council after careful consideration of all aspects Orders have also been issued to take needful action against the tenants who have not paid the rent at the enhanced rate till now The petitions under reference are returned herewith for kind referen ce of Government

I have the honor to be,

Sir,

Appeal Petition from the President, the Devaraja Market Association, Mysore

---

In inviting kind reference to my letter No R-S 291/46-47 dated 8th November 1947 re the above subject, I have the honor to state that the tenants have not paid the rent at the enhanced rate till today on the ground that their appeal petition has not been decided finally by the Government It is already more than 4 months since the rate of rent was revised and given effect to The tenants (the members of the Association) are to pay the rent for 5 months including the rent due for November 1947 and as such each of them has to pay a big amount If the rent amount is left uncollected for indefinite period there may be trouble to collect the big amount due by each tenant I request you therefore kindly to obtain orders of the Government in the matter and intimate the same early so as to take further action in the matter

Date 11th December 19 47

From

President, City Municipal Council,

To

SYED ABDUL ALEEM, Esq , B A ,
Secretary to the Government
of Mysore, Revenue Department,
BANGALORE

Sir,

With reference to your memo No L 11537 dated 5-12-1947 forwarding for report the telegram sent by the Secretary, Devaraja Market Association, Mysore, re several allegations made against the Municipality, I have the honor to state that as already reported in my letter No R 8-291/47 dated 8-11-1947, the defaulters (who are stated to be members of the Association not recognised) have not paid the rent at the enhanced rate till now inspite of repeated demands The Secretary of the Association was definitely intimated on 28-11-1947 that the rate of rent cannot be reduced and that in the event of the tenants' evefailure to pay the rent at the enhanced rate immediately, further action would be taken as per rules for recovering the rent due up to date But there was no response to the above endorsement As there was no likelyhood of collecting the rent, it was thought that some suitable action against the defaulters to enforce the byelawsin respect of the collection of the rent A few shops were sealed at 9 30 P M on 2-12-1947 The Secretary of the Association represented on 4-12-1947 that the seals may be ordered to be removed as great inconvenience and hardship are being caused to so many persons by reason of the closure of certain shops, that their appeal petition is pending disposal by the Government and that time for eight days may be granted for obtaining final orders from the Government On careful consideration of the situation of the shopkeepers. necessary orders were issued to

remove the seals immediately The Secretary had also sent the telegram to the Government separately on the very day As a result of sealing some shops, some of the defaulters paid the rent at the enhanced rate on the next day From the information available it is gathered that but for the influence of a few leading persons who want to evade a reasonable increase of rentals the majority of tenants are willing to pay the increased rates and the public feeling is also on the side of the action taken by the Council The Secretary and some of the members of the Association appear to feel that they should enjoy a permanent right of occupation of shops at the present low rate of rent After the shops were sealed a number of applications from others have been received for the lease of shops on a monthly rent of Rs 160/- and above The lease of shops is renewable every year and as such the tenant who has taken the lease for a particular period cannot claim the continuance of the lease as a matter of right. The increase now made is absolutely essential and justified If the appellants are unable to occupy the shops on higher rent they may vacate the shops instead of protesting against the payment of the rent fixed by the Council If they vacate the shops the Municipality can get more rent i e 3 or 4 times the present rate of rent as already stated, since there is heavy demand for shops The allegations made by the Secretary are baseless and not maintainable The Municipality will not be prepared to continue the lease of the defaulters if they are not agreeable to pay the rent at the rate fixed by the Municipality and to act as per rules and byelaws in force Suitable action as per rules will be taken to get the shops vacated and to recover the rent due up to date The telegram received with the above memo is herewith returned

I have the honor to be,
Sir,
Your most obedient servant
